

Map of the Apalachicola National Monument area showing the distribution of the Florida scrub lizard. The map covers parts of Alabama and Florida, with the monument boundary highlighted in green. Yellow dots indicate the locations of 100 individuals. Key features include the Apalachicola River, the Gulf of Mexico, and various towns and highways. The map is credited to Esri, HERE, DeLorme, USGS, NGA, EPA, USDA, and NPS.

Scale 1:685,186
